## Self Study Course

**Inception Year of Self Study Course: 2021-22**

**Total Duration of the Course: 16 Weeks**

Self Study Course refers to an educational program designed to be studied at students' own pace. In these courses, students learn from outside the formal classroom. The students utilize the college facilities to engage them in a variety of activities demanded by the curriculum being transacted. For this, the student should get the help of an individual coordinator who assists instructs and evaluates the progress of the student. Moreover, they can avail facilities in the library as well as computer laboratory. The Self Study program permits individual differences in the rate of learning process, thus allowing the learners to move forward at their own pace in tune with their interests and potentials. The main motive behind Self Study Courses is to qualify PSTET, CTET and other equivalent test during their B. Ed. course. This is involved in the vision and mission of the institution that after the 3rd semester when the exam will approaches, then students will be able to attend the exam and qualify it. Self study course will be accomplished with exam given by the institution and at the end they will get the certificate. Institution is going to introduce two self study courses from the session 2021-2022.
